Dear Bro. Carpenter:

Greetings in the powerful name of Jesus!

My name is Charlotte Sanders, and an awesome experience has happened to me and I cannot help but to share this passion and experience with everyone affected by Drugs and/or Alcohol.

Before finding God in my life, I was a Meth addict for 10 years and had lost custody of my children. Today they are in my custody and both have been filled with the Holy Ghost.

I was delivered from drugs and filled with the Holy Ghost about 2 years ago, and because Meth has such a strong hold on people in our community I have been asked to share my story of deliverance in several different venues. Including the Washington Times, CNN, ABC World News Tonight and most recently the Partnership for a Drug Free America. Ads including myself and my two daughters (Amber & Ashley Greenlee) can be found on the website <http://www.drugfree.org/endmeth/index.html>. Or perhaps you would like to view the Meth is Death video:

We were also the featured story for the Freedomline Magazine in June/July of last year.

My husband, John and I are now coordinators of our ACTS Program and are involved in our local jail ministry. We baptized 27 people in the name of Jesus this past year in our local jail.

This past week we had 31 people in attendance in our ACTS Class, and last Sunday one of our ladies from the class came to church for the first time and was baptized in Jesus name and filled with the Holy Ghost. We are so excited about what God is doing in our ACTS Class.

Thanks so much for letting me share my story, burden and passion.

God Bless,
Charlotte Sanders
